Oral presentation guidelines with a PC projector in ISIJ Meeting
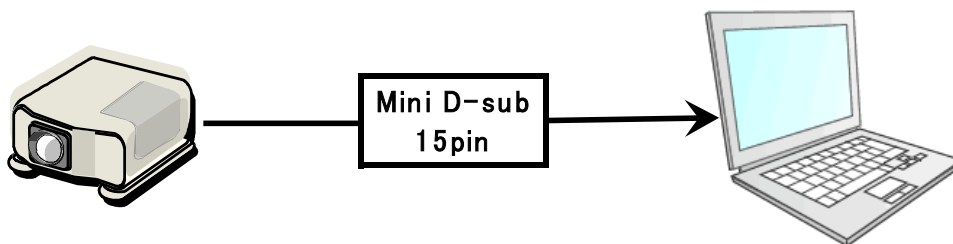

2019.8

⚡Announcement⚡
ISIJ prepares no PC in a session room.
Please bring your own PC.

The following instructions are applied to the ISIJ Meeting.
You are strictly requested to prepare your presentation following the environment listed below:

1. A PC projector is prepared in the room for your presentation.
   （**Note: Overhead projector is not prepared**）

2. No **PC for presenters prepared in the room.**

3. A PC projector system is prepared as follows:

```
Mini D-sub
15pin
```

Following is the request for the preparation of the day;

5. **Please protect your own PC and PC data.**
   ISIJ do not take any responsibility for broken, lost or stolen items.

6. Please connect your PC to the plug of the projector cable just before your presentation. Also, before your presentation, you should ensure that your PC and projector work correctly during the break.

   Please choose XGA(1024×768) of the display size on your PC.
